# ABOUT US

**PARÉ** Innovations is a premier industry player in Interior Goods Segment. It is an ISO 9001:2015 and CE Certified Company based out of Mumbai (India). And, it is India's first & only manufacturer of Soffit - ceiling and wall systems. Soffit Systems can be used to replace the traditional false ceiling alternatives available in the market. An impactful presence in India along with exports has been achieved by them in a very short span.

**MADE IN INDIA**

# OUR VISION

Our vision is to impart a global outreach to Indian-made Interior products. We identify innovative global trends and manufacture a matchless range in India. We customize these 'exceptional variants' for export. Our aim is to revolutionize the Indian products as per emerging needs of 21st century.

**PARÉ** Soffit - ceiling and wall systems is one of our revolutionary product in the Indian Decor Space. It is waterproof, maintenance free and imparts a real wood feel to your space. It is a winning product at the residential buildings, commercial properties, hotels, business hubs, club houses and cafes due to its easy to install and maintenance free properties.

# STYLE

# PERFORATION

An exceptional and impeccable feature of our product is perforated panels. This flawless arrangement within the ceiling and soffit panels adds an extra comfort for your space. Because, the perforations or small porous area within the panels enables a free air flow. As a result, an air transfer happens from one area to the other. Such a provision avoids any heat accumulation on the area above. This allows for regular ventilation to the room. And, thus, it leads to a lesser AC consumption over a period of time. So, it ensures substantial cost saving for you!

# TECHNICAL DECLARATION

## Fire retardant:

PARÉ Soffit and its accessories comply with Ball-pressure, Needle flame and Glow-wire test. Along with that, it also complies with UL94 V0 test acquiring a class 1 flammability rating when tested in accordance to IS 10151.

## Anti-Bacterial:

PARÉ Soffit and its accessories were tested with 1000 cfu/ml of various different fungi and bacteria; within 30 seconds, the value is reduced to 0 cfu/ml thus making it a truly anti-bacterial product.

## Cold resistance:

PARÉ Soffit and its accessories comply with cold duration test (-20 degrees) in accordance with IS 10151.

## Product Test Data:

Impact resistance:	No deformation observed. (Tested at 50 LBS)
Tensile strength, MPa:	>37.0
Tensile modulus, MPa:	>2000
Surface distortion:	None at 120F
Length:	Within 1/4" of specification
Lock control:	Complies
Color Change:	<2 grayscales (16 hrs under 1200W/m2 UV radiation at 50 degrees)
Squareness	<1/8" of square

## Product Specifications:

Meets or exceeds the standard specification of (ASTM D-4477) and its referenced documents. Where not defined in ASTM D-4477, our products also meet the stringent quality control parameters of PARÉ.

## Relevant Codes and

### Regulations Compliance:

Conforms to ASTM Specifications D-4477  
**Color:** Uniformity is spectrophotometrically controlled.  
**Lock:** Optically measured and controlled.

# CUSTOM SIZE

You draw it, **we'll make it !**

Any length is possible

**PARÉ** offers custom sizing in Soffit Systems that differentiates your spaces from others. For retail consumers, this will yield a seamless look for your surfaces whereas for commercial consumers, custom sizing reduces the wastage percentage by a good margin thus helping you save a significant amount.
